Data Collection

Data collection for this library management system is completely manual. Scripts or additional programs are not required for this portion on documentation.

The Librarian can easily input book information into the new book page which will then save the new data into the library system data base.

	Book_ID	Name	Edition	Publisher	Price	Pages
	Filter	Filter	Filter	Filter	Filter	Filter
1	508	To Kill a Mocking Bird	1st	J.B Lippincott	0.99	281
